
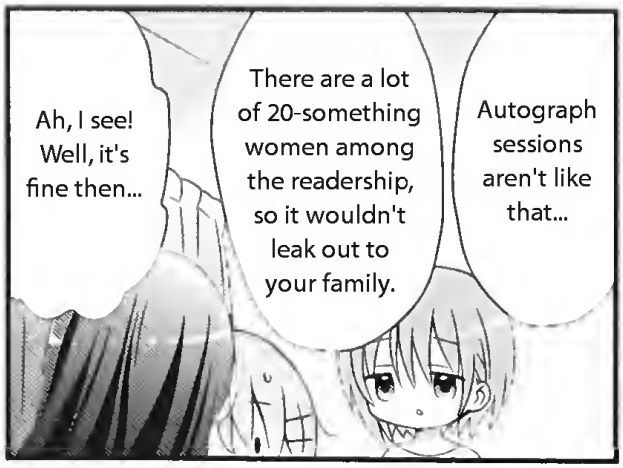
Huge Tits❤Himeko long-awaited first comic
Editor
Ruki-chan's first comic book is selling well...
It's not like I came here to check...

Book "Gripping Rendezvous" by Huge Tits❤Himeko

Oh well, at least it's a pseudonym... If I pretend it's somebody else's problem ...
By the way,
I have mixed feelings about my secret shame spreading within society ...



Ah, I see! Well, it's fine then...
There are a lot of 20-something women among the readership, so it wouldn't leak out to your family.
Autograph sessions aren't like that...

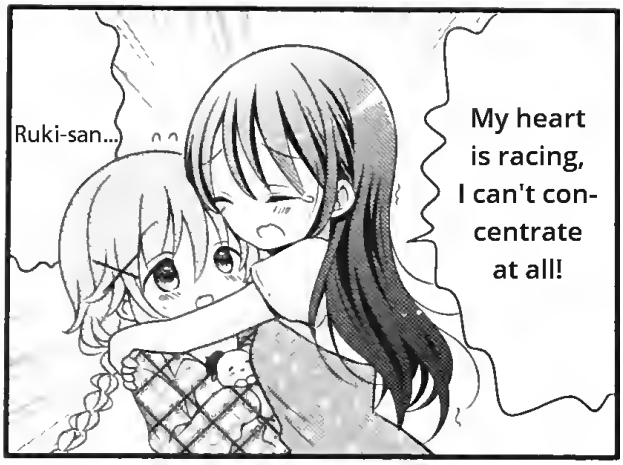
What should I do!?
umm
Putting in a lot of padding...
Wearing clothes that are puffy in the chest area...

Huge Tits...
Wasn't this pen name just made up by your editor...



Ruki-san...
My heart is racing, I can't concentrate at all!

you don't need to worry...
It's not like people assume that if PN says so, the actual person must be the same?
Not only that!!

That's it!

Aah... When I hug Kaosu-chan, I get calmed down...

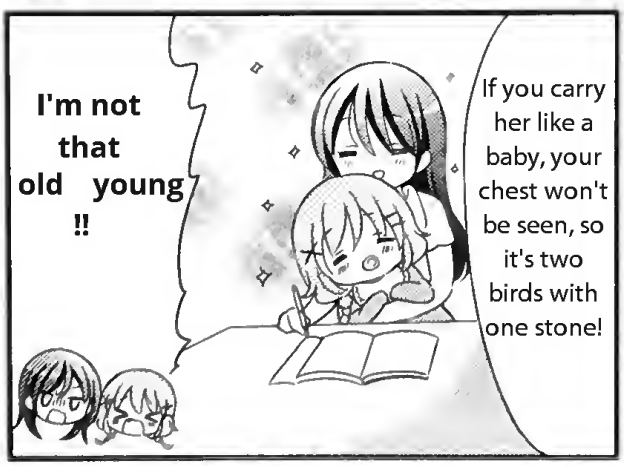
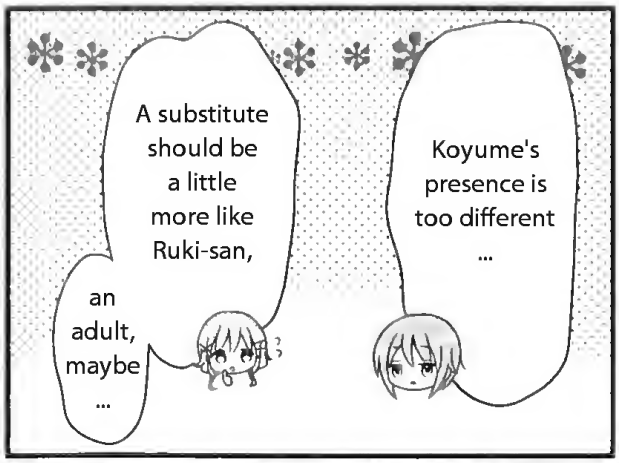
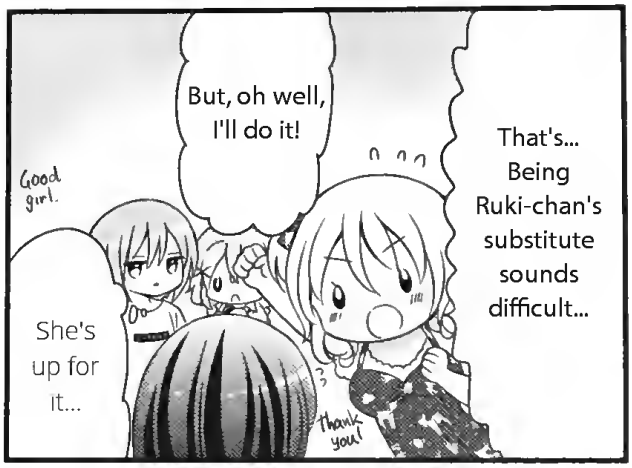
Author's comment
Aah~!
My breasts are so heavy, my shoulders are getting cramp
All stiff Himeko-tan (> <)
But I'm still doing my best to draw lewd manga for you~!
for buying my comic
love ♥♥♥
The author's comment in the book, for example ...



I'm not that old young !!
If you carry her like a baby, your chest won't be seen, so it's two birds with one stone!

The deadline was coming up, and I wanted to sleep, so I wrote something stupid...!!
I was sleepy ...!!
That one's entirely your fault.





Like when you have a hard time at work, you think back to the time you met the god himself, and you just know, "I can do it!" ...
That's amazing! The fans must surely be delighted! Because the creator is basically a god to them!

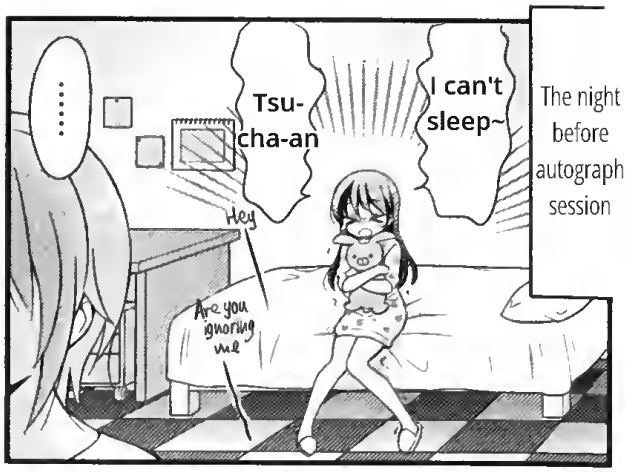
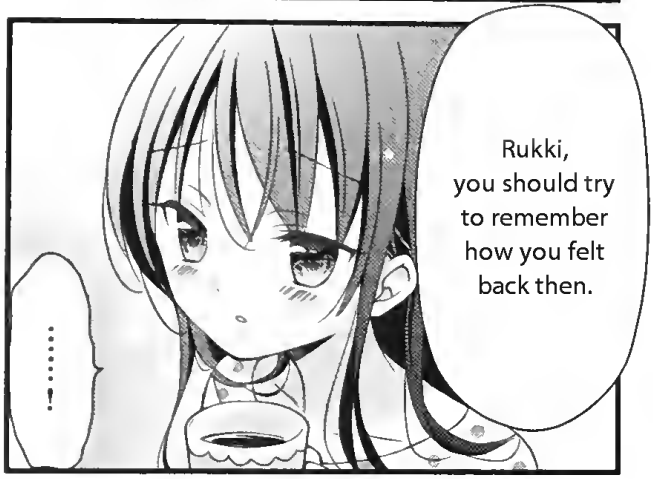
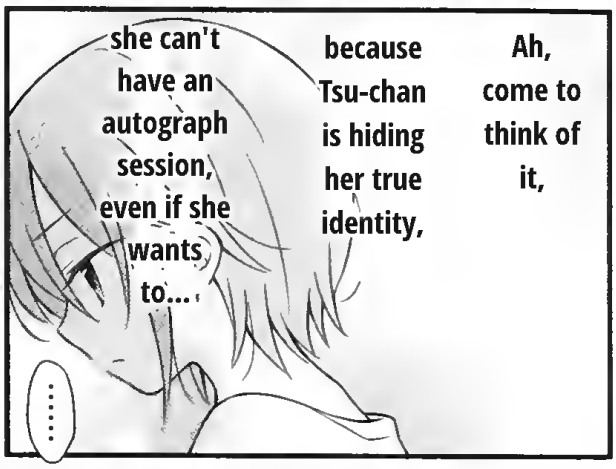
Yeah, now that you mention it...
Just a few years ago, we were the ones who lined up for autograph sessions...
It's strange...



The night before autograph session
Tsu-cha-an
I can't sleep~
Hey
Are you ignoring me



Rukki, you should try to remember how you felt back then.
.....!



Ah, come to think of it,
because Tsu-chan is hiding her true identity,
she can't have an autograph session, even if she wants to...
.....

Tsu-chan, stop jumping!
It's embarrassing...!
Are we there yet?
Are we there yet?
You're bothering everyone else...!!
hop hop

I've been... only thinking of myself... not how Tsu-chan feels...
I'm sorry,
Tsu-cha...

Sorry.
I don't remember anything other than trying to restrain you...

That's what you've been doing!?
Rukki's name change ideas
instead of
• Huge Tits ♥ Himeko,
Humble Tits ♥ Hide-me-ko
• Little Bust . R
flat breast

I was drawing lewd manga through the tears...
The day when I was bedridden from the fever,
Yeah, alright, alright.
the day when our family doggy passed away,
